

ICRERA 2026

15th International conference on renewable energy research and applications

October 12 - 15, 2026, Paris, France

ICRERA 2026: Presenter Author's Biography

Presenter Name: Sora UEHARA

Presenter E-mail: s21a4021tw@chibatech.ac.jp

Organization: Chiba Institute of Technology

Department: Grad. Electrical & Electronic Engineering

Country: Japan

Paper ID: 192

Paper Title: Load-Independent Class-EF-D SIMO WPT System Considering Coupling-Coil Parasitic Capacitance and Mutual Inductive Coupling

Brief Biography

Sora Uehara was born in Tokyo, Japan on January 14, 2003. He is currently pursuing a master's degree at the Graduate School of Chiba Institute of Technology, Chiba, Japan. His current research primarily focuses on load-independent WPT systems.
